## COMMISSION REPLACED BY A NEW BOARD

Will be In Hands of Ten  
Unsalaries Officials**

MANY DEPARTMENT  
CHANGES**

**A. P. SANDLES IS RETIRED**

**With Him Goes S. E. Strode,  
Dairy and Food Commis-  
sioner for Nearly Five  
Years—College of Agri-  
culture Will Be Restored  
to the Complete Control  
of Ohio State University.**

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 21.—This was the  
last day of existence for the agricul-  
tural commission, created less than  
two years ago, and to be replaced to-  
morrow by the new board of agricul-  
ture, consisting of ten members, more  
than half farmers, appointed by Gov-  
ernor Willis.

Those who go out of office this mid-  
night are A. P. Sandles, president of  
the agricultural commission, S. E. Strode,  
member in charge of the dairy and  
food division, C. G. Williams, agri-  
culturalist at the Wooster State  
Experiment Station, and B. F. Gay-  
man, secretary of the commission.  
Homestead C. Price, retired from mem-  
bership on the commission several weeks  
ago when he ceased to be dean of the  
college of agriculture, Ohio State  
University. The salary of the mem-  
bers was \$7,000. Members of the board  
of agriculture will serve without pay,  
but will receive expenses during their  
trips to Columbus for meetings. They  
will elect an executive secretary who  
will be paid \$4,000.

Mr. Sandles has been in state service  
for six and one-half years and  
gained reputation as the originator of  
the corn raising contests among farm-  
ers and the annual excursion to  
Washington and New York as a re-  
ward to champions. Before Governor  
Cox appointed the agricultural com-  
mission members August 6, 1912, he  
had been secretary of the old board of  
agriculture for four and one-half  
years. He is a Democrat.

Mr. Strode was elected dairy and  
food commissioner in 1910 and again  
in 1912 on the Democratic ticket be-  
fore being appointed on the commis-  
sion. Mr. Williams was agriculturalist  
at the experiment station and will re-  
turn to that position. Both he and  
Dean Price are Republicans. Mr. Gay-  
man was chief inspector in the dairy  
and food department for two and one-  
half years before being elected secre-  
tary of the commission.

The agricultural commission law,  
one of the principal pieces of legisla-  
tion during the last administration,  
combined under the commission,  
management of the agricultural de-  
partment, dairy and food department,  
fish and game department, abolishing  
the fish and game commission, the  
Wooster Experiment Station, and the  
college of agriculture at Ohio State  
University. The latter, however, was  
not separated from the university.

The new law, created by the Smith-  
Mallow bill, separated the experiment  
station, creating a new board of five  
members to direct its policies. Com-  
plete control over the college of agri-  
culture also is restored to Ohio State  
University. Farmers' institute work

## Evacuation of Mexico City By Carranza; Zapata Again Takes Complete Possession

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 21.—Vera Cruz  
advises to the state department dated  
yesterday say the complete evacuation  
of Mexico City by General Carranza  
and his reoccupation by Zapata forces  
has been confirmed in Carranza quar-  
ters and that there is no communica-  
tion with the capital.

The Mexican capital is again oc-  
cupied by Zapata forces, the city ap-  
parently is once more isolated from  
the outside world and railroad commu-  
nication with Vera Cruz is suspended.  
These are the latest developments in  
Mexico City as disclosed in offi-  
cial reports to the state depart-  
ment.

Relief measures for the hungry  
civilian population of the Mexican  
capital have been halted in conse-  
quence of the suspension of railroad  
communication and the situation is  
reported as desperate. Officials fear  
that great suffering among the peo-  
ple will result.

Sunday, by Zapata's army after evac-  
uation by the Carranza forces under

## Orduna Passengers Submarine Tried to Kill

Baron and Baroness Rosenkrantz of Denmark

These passengers on the Cunard liner Orduna from Liverpool escaped the fate of passengers on the Lusitania because the aim of the German submarine commander who attacked their vessel, July 9, was not as good as that of the German who sent more than 1000 to the bottom on the larger Cunarder.

Every passenger of the Orduna was awakened at 6 o'clock in the morning by stewards who directed them to put on belts. These photographs were taken on board. Baron Rosenkrantz and his wife, who were among the passengers who donned life belts.

## New German Note Will Reject Proposals that In Any Way Abridge Rights of America

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 21.—Secretary  
Lansing was today perfecting the  
note to be sent to Germany, by the  
United States on submarine warfare.  
The character and purpose of the  
communication had been agreed upon  
at yesterday's cabinet meeting and  
all that remained today was to put it  
in shape for transmission to Berlin.  
The note will be long, yet friendly  
in tone and will renew the efforts to  
secure for American citizens protec-  
tion on the high seas. It likely will  
hold the German government respon-  
sible for any actions in the future  
that might endanger the friendship  
between the two nations.

Just when the communication will  
be dispatched to Germany is not  
known, but it will not be delayed be-  
cause of the German submarine at-  
tack on the British liner Orduna.  
Official information as to the circum-  
stances of the attack still was awaited  
at the state department today.

The note will reject Germany's  
proposal that American vessels be  
given complete immunity when not  
carrying contraband, and for the  
transfer to American registry or for  
emergency vessels for trans-Atlantic  
traffic, provided they did not carry  
contraband.

Again the American government  
will reiterate its willingness to act  
as an intermediary in adjusting the  
interests of belligerents on the high  
seas, but will make it clear that so  
far as American rights are con-  
cerned, they are not to be confounded  
with the practices of reprisals of  
one belligerent against another.

The note probably will be finished  
tomorrow or Friday. Cabinet officers,  
today believed it would be unneces-  
sary to discuss it at another cabinet

meeting, and predicted that the com-  
munication would surely be on its  
way to Berlin by Friday at the latest.

The United States has decided to  
inform Germany that further loss of  
American lives as the result of Ger-  
man submarine warfare in contra-  
vention of the principles of interna-  
tional law will be regarded as an  
"unfriendly act." The discussion of  
principles is virtually ended. The  
American government will now warn  
Germany of the interpretation it will  
place on future transgressions of  
American rights.

In the new note the United States  
assumes that Germany already has  
admitted the principle that passen-  
gers must be removed to a place of  
safety before destroying an unresist-  
ing merchantman as a prize.

Taking the position, therefore, that  
the two governments are agreed in  
principle, the United States views it  
as incumbent upon Germany to make  
submarine practice conform with the  
accepted principles of interna-  
tional law. Any deviation in actual  
practice resulting in the loss of

## GUARDS AND STRIKERS IN RIOT TODAY

ARE SERIOUS**

(ASSOCIATED PRESS TELEGRAM)  
Trenton, N. J., July 21.—Mayor  
Pierre P. Garret of Bayonne, asked  
the governor's office here today to  
send troops to Bayonne. The re-  
quest was not granted and no  
troops will be sent unless a request  
comes from Sheriff Eugene Kinkaid  
of Hudson county, and then only  
after every local remedy has been  
exhausted.

Governor Fielder is at Sea Girt,  
and Adjutant General Wilbur F.  
Sadtler of the New Jersey National  
Guard, is in this city. Both are  
keeping in touch with the situation  
in Bayonne.

(ASSOCIATED PRESS TELEGRAM)  
New York, July 21.—Serious riot-  
ing occurred around the plant of the  
Standard Oil company of New Jer-  
sey, at Bayonne, where a strike is  
in progress early today when a mob  
encountered the guards there. In  
the fighting that followed three of  
the rioters were wounded by pistol  
shots fired by the guards. The men  
were taken to a hospital.

Later, fighting was resumed  
around the Standard Oil plant and  
assumed serious proportions. The  
Bayonne chief of police says that  
about 5000 men were engaged in  
the attack and that one of the rioters  
was killed. Fifty persons were  
taken to the Bayonne hospital suf-  
fering from injuries. The injured  
include both rioters and police.

In the plant were seventy-five  
deputy sheriffs, sworn in by Sheriff  
Kinkaid, and 100 special police-  
men furnished by Bayonne. These  
men are said to be legally entitled  
to serve. Great care is said to have  
been taken to avoid the steps which  
led to the trouble at the fertilizer  
strike at Roosevelt, N. J., last win-  
ter, when outsiders were imported  
and sworn in as deputies.

Outside the inner guard were the  
uniformed police of Bayonne. It was  
part of this force, under personal  
command of Inspector Cady, which

## Appalling Sanitary Conditions In Hardin County Follow the Recent High Waters; 11 May Have Drowned

(ASSOCIATED PRESS TELEGRAM)  
Lima, O., July 21.—Reports from  
Kenton say that eleven Kentucky  
farm laborers, up to work in the  
onion fields, embarked in a canoe  
during high water and attempted to  
escape. The canoe was later found  
capsized. It is thought all eleven  
drowned when their craft hit a snag.

The marshes are still under water,  
although the river is in its channel.  
The water will not drain and will  
simply have to dry off. Sanitary  
conditions are appalling and will  
continue so until frost. Around  
Lima conditions are nearly normal,  
although continued heavy rains yester-  
day and last night aroused fear  
and made residents of the lowlands  
fearful of another flood.

Farmers are still unable to get  
into their fields.

**STATE PLANS RELIEF  
FOR FLOOD SUFFERERS  
IN THE MARSHLANDS**

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 21.—Relief for hun-  
dreds of persons marooned and des-  
titute, in the Hardin county marsh  
lands, was planned today by Gov-  
ernor Willis and Adjutant General  
Hough, acting in conjunction with  
county officials at Kenton.

Assistant Adjutant General E. S.  
Bryant, who visited the flooded dis-  
trict, reported today that the food  
supply of those marooned in the vic-  
inity of Kenton was practically ex-  
hausted.

Arrangements were concluded today  
to remove those in peril and to send  
food to others.  
Thousands of acres of marsh lands  
in Hardin and Allen counties are de-

voted to raising onions, potatoes and  
hemp.

Many of the laborers in these fields  
are men and boys from the counties  
of eastern Kentucky who come to Ohio  
each summer to work in the onion  
fields. They constitute a large part  
of those marooned by the flood.

Assistant Adjutant General Bryan's  
report of conditions in Hardin  
county is much more conservative  
than the news reports out of Kenton.  
Colonel Bryant says that not  
exceeding 200 persons are actually  
marooned by the high waters, and

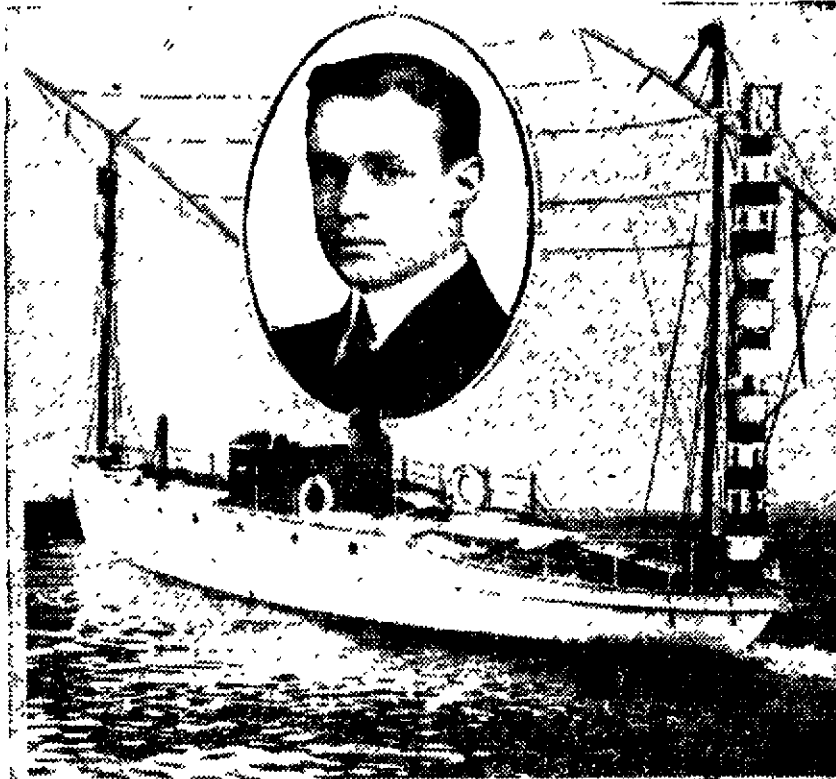

## RUSSIANS SINK TURKISH FLEET OF 69 VESSELS

(ASSOCIATED PRESS TELEGRAM)  
Petrograd (via London), July 21.  
—The following official communica-  
tion has been received from the  
headquarters of the Russian army in  
the Caucasus:

"Our destroyer flotilla destroyed a  
fleet of 69 Turkish sailing vessels  
laden with flour.  
"A battle is raging in the direc-  
tion of Mush (Asia Minor, 83  
miles southeast of Erzerum). We  
captured Nizik in the course of the  
fighting."

A dispatch from Sebastopol to  
London last night said that 59 Tur-  
kish sailing vessels had been destroy-  
ed by the Russians.

## STEERS TORPEDO TWENTY MILES AT SEA

John Hays Hammond, Jr. Launch Controlled By Wireless.

John Hays Hammond, Jr., son of the well-known mining engineer,  
has perfected a wireless apparatus by which he can control the move-  
ments of a small boat twenty miles at sea from his front porch on the  
ocean shore at Gloucester, Mass. He has made experiments with this boat  
in order to learn to control a torpedo to be sent against a hostile battle-  
ship, and now he has so nearly succeeded that army officers who have  
made an investigation think he has provided a means for defense which  
would make it impossible for a foreign battleship to get anywhere near  
striking distance of the United States.

Purchase of the wireless torpedo probably will be recommended to  
congress by Secretary Garrison. The appropriations committees of the  
last congress were urged to buy the invention for coast protection, but no  
action was taken.

## A Monster Picnic Is Arranged For Country and City People At Park; Governor May Attend

Moundbuilders Park at Newark  
will be the scene of a big gathering  
on Thursday, August 19.

Plans are forming to interest both  
townspeople and country-folk in the  
event, and from officers of the New-  
ark Merchants' Association, which is  
behind the movement, is learned the  
fact that Governor Willis, Hon. A. P.  
Sandles, Prof. Homer C. Price, Prof.  
C. L. Williams, and well-known  
grange leaders will be present.

A program of amusements will be  
arranged to include racing on the  
half-mile track, baseball, and other  
interesting features to be announced  
later.

The Newark Merchants' Associa-  
tion, the Newark grocers' and meat  
dealers' organization, and the Lick-  
ing county granges are to co-operate  
and work together for the success of  
the gathering.

Admission to the park will be free  
and there will be amusement and  
entertainment for the children as  
well as the grown-ups. It is possi-  
ble that the Newark stores now clos-  
ing at noon on Thursdays will be  
asked to close an hour or two ear-  
lier on August 19.

For several years there has been  
an effort upon the part of a num-  
ber of progressive farmers and re-  
presentative Newark men to secure  
for Licking county an experiment  
farm, but the effort has not been

concentrated, and consequently nothing  
has been accomplished as yet.

At the meeting on August 19 the  
speakers will explain the tremendous  
advantages of an experiment farm  
to a community and will tell how  
Licking county may secure such an  
institution.

Primarily, a farm of this sort where  
soil and grain tests are made and  
where farmers are instructed as to  
the best methods of producing re-  
sults upon their farms is of special  
advantage to the farmers because it  
enables them to grow better and  
bigger crops, and consequently, to  
make more money. But on the other  
hand, the prosperity of the farm-  
er means greater prosperity for the  
city man and the city merchant. An  
experiment farm would be of great  
value not only to the farmers of  
Licking county, but to the people of  
Newark as well.

Should steps be taken to secure  
such a farm for this county, state  
and federal aid will be extended,  
though the county will do its share  
towards financing such a venture.

Investigation made by local people  
who are responsible for this move-  
ment, indicates that the population  
of the farm communities of the  
county has decreased more than 2,  
000 in the past quarter of a century.

It is to avoid this desertion of the  
farm that an effort is being made  
to aid the rural communities to such  
an extent that farming in this coun-  
ty will be so profitable that none of  
the young people will want to leave  
the farm for the city.

## ANOTHER VICTIM FOUND.

(ASSOCIATED PRESS TELEGRAM)  
Queenstown, Ireland, July 21.—  
The body of Herbert S. Stone, who  
was a Lusitania victim, has come  
ashore at Bally Bunnion, a small  
town at the mouth of the river Shan-  
non, on the west coast of Ireland,  
about 150 miles from the point  
where the Lusitania was sunk. The  
body has been fully identified by  
articles upon the person, including  
a card-case filled with cards, his  
watch and other belongings.

## Wabash R. R. Sold at Auction; \$220,000,000 Corporation Brings a Small Part of This

(ASSOCIATED PRESS TELEGRAM)  
St. Louis, July 21.—The property,  
franchises, and all other rights of  
the Wabash Railroad—a \$220,000,-  
000 corporation—were sold under  
the hammer for \$18,000,000 to the  
joint re-organization committee of  
the road's creditors under fore-  
closure here today to satisfy a \$41,-  
000,000 mortgage of which the  
Equitable Trust company of New  
York is trustee.

A few minutes before the sale of  
the road the New York Trust com-  
pany filed suit in the United States  
district court here against the rail-  
road company for \$1,875,000 for the  
rental of cars and equipment.

The foreclosure decree was issued  
by Judge Adams of the federal dis-  
trict court, under whose jurisdic-  
tion the road has been managed by re-  
ceivers for three and a half years.

No real change in ownership was  
looked for.  
Under the foreclosure decree, the  
purchaser was required to bid a  
figure sufficient to cover the amount  
of the outstanding receivers certifi-  
cates, other debts and expenses of

## BESIEGED WARSAW IS TOTTERING

**Although Rumors of Fall Of  
Polish Capital Are Not  
Yet Confirmed**

**SURPRISE ATTACK ON  
THE RUSSIANS IS  
DISASTROUS**

**AN OBSTINATE RESISTANCE**

**On the Part of Grand Duke  
Nicholas Might Imperil  
His Retreat, But Such An  
Extended German Line  
May Have Weak Points,  
for Which He Is Evi-  
dently Searching.**

(ASSOCIATED PRESS TELEGRAM)  
London, July 21.—Rumors of the  
fall of Warsaw are in circulation to-  
day, but the latest communications  
from both sides indicates the Aus-  
tro-German rush towards the Polish  
capital has slowed down. The Rus-  
sians continue to lose ground, but  
apparently the campaign has not yet  
been brought to a decisive issue.

The most important success now  
reported by the Germans has been  
won by General von Woyrich, south  
of Lvograd. This seems to have  
been a surprise attack. The Rus-  
sians, who had heavy reserves in the  
neighborhood, later delivered vigor-  
ous counter attacks, but failed to  
recover the lost ground. Windau, in  
Courland, on the Baltic, is definite-  
ly in the hands of the Germans, who  
are now within 35 miles of the im-  
portant Russian seaport of Riga.

Possession of Riga by the Ger-  
mans would force the Russian armies  
near Shavli and Mitau to retreat, as  
the Baltic port is their chief point  
of supplies. The ambitious advance  
of the Germans in the Baltic pro-  
vinces indicates they hope not only  
to capture Warsaw, but to cut off the  
retreat of the Russians by placing  
forces between the retreating armies  
and Petrograd.

All these late advances place  
Grand Duke Nicholas, the Russian  
commander-in-chief, in an embar-  
rassing position. To risk obstinate  
resistance might imperil his retreat,  
it is pointed out here that such an  
extended Austro-German line may  
contain weak points against which  
a counter move might be made in  
the hope of saving the Polish capital.  
Military writers assert that the pre-  
sence not only of landwehr, but of  
landsturm troops in the German  
lines indicates the central powers are  
exerting every resource to crush the  
Russians.

Mine warfare along the British  
front and isolated actions on the re-  
mainder of the western battle line  
are not of sufficient importance to  
distract public attention from the  
eastern campaign.

The Italians are reported to have  
waged a fierce battle yesterday along  
the Isonzo front, with some success  
on Corso plateau.

## WILL SUPPLY MUNITIONS.

committee held its first meeting to-  
day under the presidency of Premier

supply of munitions in the event of  
a long war and to organize industries  
which produce other supplies for the

## FATALLY INJURED IN AUTO ACCIDENT

(ASSOCIATED PRESS TELEGRAM)  
Toledo, O., July 21.—Edward  
Yoder, 45, stationary engineer of  
Washingtonville, near Salem, was  
probably fatally injured last night  
when an automobile in which he was  
riding to Toledo ran into a ditch and  
turned turtle near Mobile. When  
residents near the scene of the ac-  
cident arrived, they found Yoder un-  
conscious, pinned beneath the  
wreckage, which was partly sub-  
merged by water in the ditch.

## PARIS JOURNAL SOLD.

(ASSOCIATED PRESS TELEGRAM)  
Paris, July 21.—It is understood  
that the Journal has been sold to  
the Letellier family which has owned  
the newspaper since it was founded  
20 years ago to a syndicate headed  
by Francois de Wendel, deputy for  
Meurthe-et-Moselle. The price is said  
to have been 22,000,000 francs

# DEAD MAN IS NAMED IN BECKERS PLEA

DOOMED POLICE LIEUTENANT  
IMPLICATES TIMOTHY D.  
SULLIVAN.

Tells Governor Whitman, He Has  
Kept This Silent Until Now—  
Claims New Evidence.

(Associated Press Telegram)  
New York, July 21.—Counsel for Charles Becker awaited today the result of Becker's appeal to Governor Whitman, to forbid his execution on July 23 for the murder of Herman Rosenthal. Becker's plea sent to the governor at Albany last night included a long statement of his version of the facts leading up to the murder. In his statement, Becker denied complicity in the murder and said that State Senator Timothy D. Sullivan, now dead, told Becker that he had \$12,500 invested in Rosenthal's gambling house and that when Rosenthal began to make public statements about the rats on this place, Sullivan exacted a promise from Becker to keep Sullivan's name out of it. Becker said that he had kept his promise up to the time of the making of his plea for executive clemency.

Becker's statement made no disclosures of police graft, but gave an account of movements on the night of the murder.

Martin T. Manton, of Becker's counsel, has announced that proceedings will be started in a day or two in application for a new trial for Becker on the grounds of newly discovered evidence. The nature of the evidence was not disclosed. It was reported that friends of Sullivan offered to make affidavits substantiating in part the story which Becker told.

W. Bourke Cockran, one Becker's attorneys, who prepared a portion of the statement sent to the governor said it had been decided to take this action in order to avoid a delay in first appealing to the supreme court justice for a new trial.

"Becker is ready to die. He does not ask favors of any one but he wants to prove his innocence," Mr. Cockran said.

## APPEAL HANDED TO GOVERNOR'S SECRETARY

(Associated Press Telegram)  
Albany, N. Y., July 21.—Charles Becker's final plea to Governor Whitman to save him from the electric chair for the murder of Herman Rosenthal, the New York gambler, was handed to William Orr, Governor Whitman's private secretary, today, by John B. Johnston, partner of Martin T. Manton, Becker's counsel. The governor said he would make no statement until he had time to examine the document.

## GUARDS

(Continued from Page 1.)  
was guarding the approach to the main gates of the plant, that was attacked today. Several policemen were mounted and they with the inspector, bore the brunt of the fight. They drove the rioters back and most of them were hit with stones and pieces of slag. Shots were also fired at the police.

The situation became so threatening that the inspector ordered revolvers drawn and the police then fired a volley over the heads of the crowd. It halted the attack only a moment, and then the order was given to fire again, but this time to aim low.

The police believe many more bullets than three found human marks, but that the injured were carried away. The three wounded men were sent as prisoners to the hospital.

The rioters finally gave way before the police fire, and did not renew the attack.

General Manager Gifford of the plant repeated today his statement that the company would listen to any request or demand of its employees, but had received none. The strike, he said, had been fomented by outsiders.

The serious rioting resulted in one man, John Molosky, 13 years old, being killed, and nearly three score more or less, seriously injured, marked the second day of the strike of workmen at the plant of the Standard Oil company of New Jersey, at Bayonne. The workers, most of whom are of foreign birth and unorganized, gathered at the gates of the plant at an early hour, and disorders, which then began, lasted until nearly noon. At that time the police, assisted by deputy sher-

## PICKETS PLACED

About Remington Arms Company—  
Disorder Twice Imminent.

(Associated Press Telegram)  
Bridgeport, Conn., July 21.—Strike calls resulted in machinists throwing down their tools in a number of Bridgeport shops and walking out. Labor leaders claimed they had taken 110 additional men from two plants doing work for the Remington Arms and Ammunition company; that pickets had succeeded in keeping 80 men from work at the new plant of the Remington concern; that 100 men on the night shift at the Union Metallic Cartridge company had gone on strike and that during the noon lunch hour, hundreds of men on the day shift would quit. They estimated this forenoon that nearly five hundred skilled machinists were now on strike. They reiterated their statement that there would be a complete close-down of war munition factories by Saturday.

Disorder seemed imminent twice today; once at the new Remington plant, and once outside the works of a contractor making machine tools for the Remington company. Dirt wagons driven two abreast, cleared the road in front of the first named plant.

The police, according to an official connected with the contracting concern, dispersed strikers and sympathizers there after they had made a demonstration against the men who remained at work.

The labor leaders asserted that 25 more guards at the Remington plant had gone on strike for more money today. Fifteen were said to have walked out yesterday.

Labor leaders announced today that pickets stationed in front of the Remington Arms and Ammunition company's main plant had stopped eighty skilled mechanics on the day shift from going to work. The pickets went to the plant soon after daybreak and remained there several hours. Every machinist that appeared ready for work was taken aside and talked to by the pickets. The labor men admitted that not all

## RIDAPILE CONES

Germes irritate and enlarge the blood vessels, which creates piles. A new treatment for piles is a recent discovery of a New York Specialist. This scientific remedy contains a powerful non-poisonous germicide and antiseptic which removes the cause that creates piles without inconvenience to the user of these suppositories.

By the use of Ridapile Cones relief is quickly obtained; pain banished; itching immediately ceases; bleeding is stopped; protruding piles and hemorrhoids reduced after a few applications of the Cones when used according to directions, restoring these parts to their healthy condition.

Ridapile Cones remove the cause by killing the germ. The Cones exert a healing and soothing action and a trial brings immediate relief.

Ridapile Cones do not contain OPIUM, MORPHINE, COCAINE, or other NARCOTICS. PRICE 50c. and \$1.00

iffs and firemen, brought the situation under temporary control at least.

During one of the fights a small office building of the Tidewater company was discovered in flames and the building was virtually destroyed before the fire could be controlled. The origin of the fire is unknown.

This afternoon the Standard Oil officials landed 200 men from tugs at the plant, presumably deputies who will assist in guarding the works.

The police say several thousand persons took part in the attack. Of the fifty-three injured taken to the Bayonne hospital, fifty are men and boys who fought about the gates of the plant; the other three are policemen. Inspector Cady had a horse shot from under him and later narrowly escaped serious injury when he was at one time surrounded by rioters near a fire house where he had gone to stop an attack.

Sheriff Eugene Kinkaid of Hudson county, arrived on the scene shortly after noon and took command of affairs. In an endeavor to bring an end to disorder by means of persuasion, the sheriff, soon after his arrival, rode in his automobile to a square where a crowd of 500 persons were assembled to discuss the strike and watch the gates.

Standing in his car he addressed the crowd, telling the men they must remain orderly, and what his duties were in the situation. He called on every man who would obey him to hold up his hand, and a majority did so.

Sheriff Kinkaid spoke for half an hour and several times the men cheered his statements, especially his promise to do what he could to settle the difficulty. The sheriff said he was willing to meet representatives of the strikers, hear their grievances, and do his best to bring about a settlement. In consideration of this, he asked the men to disperse peacefully to their homes, and they said they would go. A committee of three was appointed by the men to meet Sheriff Kinkaid later in the day.

It was stated that the guards did not fire until the mob attacked them with sticks and stones, and had fired a number of pistol shots. Then the guards responded with a round from their revolvers and the three men were wounded. The crowd thereupon dispersed.

Daniel Cady, who is in charge of the police at the plant, following the attack, called on Fire Chief Albert Davis for assistance and the latter took a dozen men and many lengths of hose to the plant. These will be used to fight rioters with water should there be any further attacks.

Previous to the attack on the police, a disorderly crowd of several hundred persons gathered at the house of fire company No. 4, of the Bayonne department, and smashed the windows in the building. The firemen attached hose to hydrants and prepared to defend themselves with streams of water, but the crowd withdrew. The fire chief said there seemed to be no reason for the attack except the fact that the fire house was city property, and the city, as was its duty, was guarding the Standard Oil plant.

There were no additions to the strikers' ranks today. The men employed at the Tidewater Oil company's plant, which adjoins the plant of the Standard, were expected by the strikers to join them. Instead, all hands went to work.

Whether the strikers had been misled in this matter is uncertain, but the sight of the Tidewater starting up for the day seemed to anger the crowd which had gathered and it began, it is stated, an attack on the Standard plant.

No one went in or out of the Standard plant today. The company's employees who remained on duty to guard against fire and keep things in shape, come and go by the water front, where they can be loaded into tugs. Most of these are engineers and firemen.

## AGREEMENT

Satisfactory to Welsh Miners, Who  
Proclaim Allegiance to Government.

(Associated Press Telegram)  
London, July 21.—The South Wales coal miners have accepted the terms agreed upon yesterday, and the strike is therefore definitely at an end. Throughout the coal fields there was an overwhelming majority in favor of the settlement.

Work in the mines will be resumed at once. Both sides have promised the government to exert every effort to make up for the week of idleness.

David Lloyd George, minister of munitions, to whose efforts the ending of the strike is largely due, appeared in the conference hall in Cardiff after the decision had been reached and received an enthusiastic welcome. President Winston, of the miners' federation, declared that Mr. Lloyd George and his colleagues had performed a great service for the miners of the empire who now were prepared to do everything possible to bring the war to a speedy termination.

## THREE-DAY AUTO TRIP IS PLANNED

Columbus Newspaper Arranging  
Traveling Carnival—Newark Is  
Included in the Itinerary.

The Ohio State Journal has planned a three-day traveling automobile carnival through the heart of Ohio, beginning July 27. The party will visit Newark on the 29th, Thursday, the day of the week when retail business is largely suspended at noon.

The trip takes in Lancaster, Circleville, Chillicothe, Washington, C. H., Springfield, London, Marysville, Delaware, Marion, Mt. Gilead, Mt. Vernon, Utica, Newark and Granville. Stops of one to two hours will be made in each city.

Marion will be the end of the second day's run and is night stop No. 2. It is probable that Newark will not be reached until late Thursday afternoon.

The carnival is planned for automobile dealers and for manufacturers and dealers in automobile supplies.

fore, is made by American Consul General Hanna, at Monterey, Mex. in a letter to the American Red Cross, made public today. Mr. Hanna, who is in charge of the Red Cross relief station at Monterey, describes the food situation in that part of Mexico.

Thousands of persons have been saved from actual starvation by the food supplies furnished by the Red Cross, according to Consul General Hanna. Limited supplies are now being furnished to at least 20,000 people.

"It is probable," says Mr. Hanna, "that the corn crops here in Mexico now maturing will relieve the hunger situation for a short period, but I do not believe that the present limited crops will last longer than two months. Then, if we do not have fall crops this will be the hungriest spot on earth."

## VILLA FORCES

Cut Communications Between Mexico  
City and Vera Cruz.

(Associated Press Telegram)  
El Paso, Texas, July 21.—General Villa's expeditionary force under General Ganuto Reyes and Rodolfo Fierro has cut communication between Vera Cruz and Mexico City, and made it impossible for General Pablo Gonzalez, who evacuated the capital to receive supplies from the coast.

This report was received today from Colorado, Zacatecas. It reached there by courier from Salinas in the San Luis Potosi, to which point General Reyes and telegraphed from Pachuca.

Reyes reported that he had delivered to the Zapatistas a supply of ammunition and that the combined forces would move immediately on Mexico City.

## IMPORTANT

Battles West of Monterey—Carranza  
Rushing Reinforcements.

(Associated Press Telegram)  
Laredo, Tex., July 21.—Battles of apparently considerable importance are in progress west of Monterey, near Icamote and Villa Garcia, according to reports received here today. Several thousand Carranza reinforcements have been rushed from Tampico to participate and today three train loads of Carranza men left Nuevo Laredo for the same battleground, according to the reports. Passengers from Monterey said the fighting is continuous, with large losses of life on both sides.

## MAY DREDGE RIVER TO PREVENT FLOODS

(Associated Press Telegram)  
Lima, O., July 21.—At a meeting held here last night between officials of Hardin and Allen counties, tentative plans were drawn for the improvement and dredging of the Ottawa river from its source in Hardin county marshland to its outlet into the Auglaize river in Allen county, for the purpose of avoiding future disastrous floods like those of 1913 and this year. The territory affected will be known as the Ottawa river conservancy district. Commissions will be named from each county by common pleas judges and will work jointly.

## SANDBUSKY RIVER RISES AT TIFFIN

(Associated Press Telegram)  
Tiffin, O., July 21.—The floods from Wyandot county brought the level of the Sandusky river up to the six-and-a-half-foot mark. An immense volume of water swept down the river with a tremendous current. Tymoachtee creek was out of its banks. Bridges were swept away and roads made impassable.

## PENNANT RACE IN NATIONAL IS EXCITING

NO CLUB CAN BE SAID TO BE OUT OF THE RUNNING.

Zuber Thinks Cincinnati Reds Have Improved—Fans Interested in Three New Men.

(By C. H. Zuber.)

Cincinnati, July 21.—While there have been several changes in position in the National league race during the past week, the quest for the flag is as exciting as ever, there being no team among the entire eight that can be declared to be out of the running for the flag. Although the Red's eastern trip has not been as brilliant as it might have been in the matter of victories, the team seems to be playing a higher class of baseball than at any time this season, and it is certain that when the next home series is on, beginning Sunday, there is going to be something definite doing in the way of a climb up the percentage ladder. Manager Herzog is adding players to the team as the opportunity offers, and there is every reason to believe that the team will make an exceedingly strong finish by reason of these changes and the fact that the pitching staff is showing steady improvement.

Cincinnati fans are keeping a close watch on the work of the three latest Reds—Bill Rodgers, second baseman, Kenneth Williams, outfielder, and Pitcher McKenry. The latter has not worked up to the present writing, but is described as a husky youth, with a physique a la Jess Willard and the speed of a frightened aeroplane. Williams, also a young giant, has been hitting consistently since being sent out to centerfield and also shows much speed, especially when his great size is considered. Rodgers seems to have won his way to a permanent job at second, as Manager Herzog has allowed Olsen to go, indicating that he considers Rodgers much superior to the Swede. It is promised that these three recruits, and any others that may be added between now and the end of the week, will be placed on exhibition against the Phillies next Sunday.

Speaking of the Phillies, there is a team which now is engaged in making the baseball to all points of the compass. When the Quakers, after being get-away, were forced to let on even terms with several other teams, the wise gazebos were there with the "hold-you-so" staff and predicted that never again would Pat Moran and his hired men see first place. But while the Phillies have dropped as low as third since their initial spurt, they are right up there in front again and there is no reason why they should not stay in the running right along. Moran has whipped his team into good shape and has inspired them with the enthusiasm necessary to keep the boys hustling. Moran promises to keep his team right up there in front—but there is a prospect that he'll get a jolt in the ambition when he faces the Reds here next Sunday.

Strenuous efforts are being made to rehabilitate the fighting game out in California. Before the reformers put the kibosh on the spark of the padded mitt in the Pacific coast was a sort of gold mine for the boys who were handy with their dukes. When the legislature decided that there would be nothing further doing in the squared circle, many a chap went hungry. Now Jim Corbitt has come forward, and with his strong political pull, proposes to put over a new boxing bill that will again open up California to the sluggers. Meanwhile other states are hiking toward the pugilistic game again, with prospects of many of them being on the bandwagon within a year.

Those Russians refuse to be denied their sport. Word comes from across the water that the war is not interfering with the racing season in the land of the czar. So intent are the Slavs on their sport that the meet at Warsaw was not declared off even when the reports of the German artillery could be heard in the distance. Some sporting blood, eh, what?

These warm July days are not deterring the automobile dealers from looking forward to winning fresh recruits to the motoring game. Here in Cincinnati the Automobile Dealers' Association is already busy making preparations for the annual automobile show, to be held the first week in October. The local dealers are the first of the big city organizations to place the new models on exhibition, and judging by past experiences, Cincinnati will be the Mecca for lovers of motor cars from all parts of the Ohio valley during the time the show is on.

## LARRY McLEAN RELEASED BY THE N. Y. GIANTS

New York, July 21.—Larry McLean, the veteran catcher of the New York Nationals, who was serving a 60-day suspension for misconduct in St. Louis, was unconditionally released yesterday by President Humpstead. It was stated that McLean was released so Manager McGraw could play Habbington, an outfielder, of Brown University, who joined the team a few days ago, but was unable to get in the game because of the player limit. Habbington, it was announced will replace Snodgrass in center field.

## "POP GEERS" TO START HORSES IN MATINEE RACES

The matinee races at the driving park tomorrow afternoon will undoubtedly draw a large crowd as there are no counter attractions and the program is a fine one, there being nine events scheduled. The same conditions will hold as was advertised for last week's matinee, which was postponed on account of the inclement weather. Special prizes will be given and the sport promises to be of a high order. The general public is invited to be present at the park and witness some close and exciting finishes as there is a great deal of rivalry among the horsemen. The "Pop Geers" of Newark, County Commissioner Ben Jones, has entered one of his fast steppers and will try for a prize. The admission is free and you will be extended a hearty welcome.

## NEW MANAGER IS NAMED FOR WHEELING TEAM

Dayton, July 21.—Arch Reilly, former Ohio State athlete, has been named manager of the Wheeling Central League club, succeeding "Pop" Schriver. Reilly is by far the youngest manager in the league, and it is doubtful if the organization ever had a field leader with less milestones to his credit.

Reilly plays third base for the Stogies.

## BEST PROGRAM OF THE WEEK AT NORTH RANDALL

Associated Press Telegram  
Cleveland, O., July 21.—With weather indications the best of the week and the card the most attractive thus far, race-goers looked upon today's Grand Circuit program as the banner one of the week. The program included the 2:11 trot, the 2:15 pace, the 2:09 pace, and the Ohio stake for 2:09 trotters.

Lou Lumine was touted to win the 2:11 trot, Hella E seemed to have the call in the 2:15 pace, Peter Scott was favored in the Ohio stake, while Fred W. Tredell and Major Ong were a toss up in the 2:09 pace.

Bondella, the trim little daughter of Walnut Sail, was the sensation of yesterday's program of the Grand Circuit meet at North Randall track. Superbly piloted by Tommy Murphy, she won the North Randall sweepstakes for 3-year-old trotters without effort, outclassing her field and stepping a mile in 2:07 3-4, which clips a quarter of a second off the local track mark for 3-year-old trotters, set a year ago by Le Axworthy.

The 2:12 pace developed into one of the greatest two-horse race ever staged, Judge Ormonde and Peter Farren fighting it out in every heat, the former taking the verdict by winning two of the three sprints to the wire.

Lella Patchen, thanks in large part to the driving of Will Snow, paced Del Ray into the ground in the 2:05 pace, carrying him to breaks in three terrific drives. Mare and driver turned the weakest event of the day into a real feature by their work.

As had been predicted by the talent, Bud Murphy had a good thing in the 2:19 trot in Al Mack, that sweet-mannered, speedy trotter that fights all the way and has speed enough to be dangerous in any company. Al won in straight heats beating the crack Western mare, Lee Blossom.

Probably 500 spectators were on hand for the second day's events. Summaries:

## ROY HARTZELL'S PLACE GOES TO JERSEY CITY MAN

New York, July 21.—Edward Barney, outfielder of the Jersey City team of the International League was purchased by the New York Americans yesterday. Barney will report to Manager Donovan in Chicago today. It is stated that he will replace Roy Hartzell, the veteran left fielder. Ray Demmitt, formerly of the Toronto club of the International League, will take Barney's old position with Jersey City.

## Golf Champions Fall In Cleveland Events Tuesday

Cleveland, July 21.—When the smoke of battle had cleared away late yesterday on the Mayfield golf course, several bright stars of the Western field had fallen, among them H. K. B. Davis of San Francisco, Panama-Pacific champion; Mason Phelps, Chicago, former Western champion, and E. M. Byers, Pittsburgh, former national champion. Phelps and Davis failed to qualify and Byers was defeated in the first round of match play by Ned Sawyer of Chicago, 5 and 4.

W. C. Fownes, who made the course in 72 in the last 18 holes of the qualifying round, set a record for the Mayfield course as it stands today. The former amateur record was 71 held by Joe K. Bole of Cleveland, but those tees recently were moved back, increasing the par from 72 to 73. Fownes was one stroke above Paul Hunter of Chicago, who won the 1915 medalist honors with 150 for the 36 holes.

Of the California contingent but one remains in the running, Jack Neville defeating C. L. Weems of Quincy, Ills. in the first round yesterday. Neville has been showing in-and-out form, but seems to have struck an even gait.

"Chick" Evans won his way through the opening round over J. C. Dillworth of Pittsburgh, 4 and 3. Joe K. Bole, Mayfield crack, eliminated George S. Lyon of Toronto, Canadian champion, 2 and 1.

Some real tussles are expected today. Ned Sawyer and Paul Hunter, Chicago entrants, oppose each other in match play. Joe Bole will play DeWitt Ralph of Cincinnati. Both are former state champions.

## OIL BOOM IN ASHTABULA CO.; DRILLING BEGUN

Geneva, O., July 21.—An oil boom is on here and leases are being signed rapidly all through the northern section of Ashtabula county. Actual drilling has been started near Saybrook by one concern, while another will soon begin boring wells north and south of this village. Oil men are basing their chances of success on the fact that the famous Clinton sand may be found at a depth of slightly more than 3,000 feet. This sand is a big producer on the Canadian shore of Lake Erie, directly opposite this section.

**Scores Extravagance.**

In his blunt, honest fashion, State Auditor Vic Donahey has issued a statement of his analysis of appropriations by the Willis legislature. He mines no words in attacking growing expenditures and shows that the word "economy" in connection with the present administration is a misnomer. By his figures it is shown that the Willis general assembly appropriated \$49,000,000 exclusive of the building fund and then reappropriated so as to absorb all balances. The Cox administration for the last fiscal year expended \$18,411,933.44 and that was the year when most of the new governmental agencies were going into effect. The Willis administration for the year ending June 30, 1916, will spend \$22,785,542.01. The meat and meaning of the statement is in comparison of these amounts, and remembrance of the charges of extravagance and promises made last campaign, and the further fact that Mr. Donahey anticipates a deficit of \$2,000,000 at the end of the Willis administration. This means that Willis will not only spend all he collects, but that he will absorb the seven and one-half million dollar surplus left by Cox and then go two million dollar more in debt. Mr. Donahey's statement is non-political, not for campaign purposes, scores Democratic extravagance as well as Republican, and is a document that could well be read with profit by every voter and taxpayer.

**Educational Progress.**

In round numbers there were 22,000,000 persons enrolled in educational institutions in the United States in 1914, according to the annual report of the commissioner of education just issued. Of these over 19,000,000 were in elementary schools; 1,374,000 in secondary schools, both public and private; and 216,000 in colleges and universities. Close to another hundred thousand were in normal schools preparing to be teachers, 67,000 were in professional schools, and the remainder were scattered through other types of institutions. The teachers for this educational army numbered 700,000, of whom 566,000 were in public schools. In point of rapid growth the public high school still presents the most impressive figures; the enrollment for 1914 is greater by over 84,000 than for the year before.

The cost of education for the year, as estimated by the bureau, was \$750,000,000. "This three-quarters of a billion is a relatively small amount when compared with other items in the public expense," declares the report. "It is less by \$300,000,000 than the cost of running the federal government; it is less than one-third the nation's expenditure for alcoholic liquors; it is only a little over three times the estimated cost of admissions to moving-picture theaters in the United States for the same year. Measured

**Britain's Apathetic Industry.**

(New York World.)

That Mr. Lloyd George's plan of enrolling volunteers for work in munitions factories has been successful is proved by the registration of 90,000 men through the labor exchanges in the first two weeks after his appeal. The influence of trades-unionist leaders was strongly exerted on the government's side. They plainly foresaw that in the existing emergency compulsory service would inevitably follow if other means failed. But the fact remains that his policy only prevailed as the result of public warnings of harsher measures to be taken in case labor failed to come forward freely.

In escaping from one dilemma, however, the government is confronted with another. In South Wales, in spite of the government's efforts to effect a compromise, 42,000 coal miners announce their decision to strike at once unless the mine owners grant their demands; and if the mines close down, the munitions factories will be crippled. Once more the government faces the necessity of forcing workmen, and employers to give first thought to the nation's needs.

During the past year British trades unions in one quarter and another have been making the most of

their grievances. Unquestionably the cost of living has rapidly advanced. Many employers have been accused of keeping for themselves all the benefits gained from their booming business.

But in no other country at war has there been the same unrest among the workers as in Great Britain, and the same disregard for the nation's necessities. At the same time, no other government has been so indifferent to the need of organizing industry on national lines. What appears to be want of real patriotism at the bottom has been accompanied by lack of business foresight at the top, and as a consequence Great Britain, in the greatest crisis it has ever known, is still pathetically trying to catch up with its work.

**Recruit From Partisanship.**

(Chicago Herald.)

Under the heading "Stand by the President," the New York Tribune led its editorial page last Friday with an article of a kind that would have made the old-fashioned thick-and-thin "party" editor foam with wrath or left him speechless with indignation.

Nothing, with some exaggeration, perhaps, the division in the Democratic ranks caused by Mr. Bryan's secession, and also the efforts in certain quarters to denigrate and calumniate the votes Mr. Wilson will lose, because his thought in international relations is of America and humanity first—the New York Tribune concludes:

In this situation there is just one thing for Republicans to do. Their support of a president defending American lives and rights must be complete and unflinching. \* \* \* It would be better for the Republican party to endorse Woodrow Wilson in 1916 than to permit the principle to be established that to defend American interests is to commit political suicide.

How's that from the Republican newspaper founded by Horace Greeley, and the most conspicuous in the nation's largest city? Verily, this world does move, and in other senses than meant by the famous saying of the Italian astronomer.

In the Herald's opinion its New York contemporary considerably exaggerates the efforts of Mr. Bryan's secession. In the Herald's observation the chief effect of the denunciations and tabulations to which it refers is to make hard the way of candidates for public office who are entirely loyal Americans but who happen to have inherited "German" names.

However, the Herald gladly welcomed to the growing ranks of independent American journalism this latest recruit from partisanship.

**Machines for Women to Run.**

(Worcester Telegram.)

Twenty-five per cent. of the lathes and other machinery being made in Worcester for shops of the allies in Europe, for the manufacture of shells and other munitions of war, will be tended by women when they have been set up in European countries. That is an estimate based on information from Russia, England and France as to how women are taking the places of men in the munition factories. A Worcester mechanic, who helps make the lathes, was asked how about that, and he said he did not know what wonders the old countries have developed among their women, but he was sure the machines would make the goods if the steel material were properly played in them and the power turned on. He did not believe women could do the initiative of that work, but they might look at the lathes and put the power on or off as occasion required. "Still," he added, "there is no use denying that women are capable if they have had the experience, and who knows but within a few years they will be doing what I and others are now doing in the Worcester machine shops? And then, by-and-by, they will not only make the machines, but the guns and the shells, and then go out into the battlefields and do the shooting. And by that time there will be no nursing for them. It will be death everywhere when a war gets started."

This feature of the social service work has become a portion of the municipal activities which cannot be dispensed with easily. The public playgrounds have proved their worth.—Akron Beacon-Journal.

**Has Some Disadvantages.**  
It is useless for a middle-aged man to yearn to be a boy again. Besides, if it were possible to go back that way, the whitewashing of fences and chopping cordwood on Saturday would be revived with his adolescence.—Houston Post.

**Blackberries.**  
But the real greatness of a blackberry is in the eating it fresh from the bush. It does not need sugar and cream. It is a not need anything but a thumb and finger and a mouth. The mushy ones that grow big in the shade may be improved by doctoring, but the firm ones of moderate size that grow in the open fields are not susceptible of improvement by human art. We know a man, reared in the country in middle Tennessee who came back from Oklahoma in his old age just to fill himself once more with blackberries as they grow. Nobody who knows what real blackberries are would think him foolish. A man might almost come back from paradise for a feast like that.—Nashville Tennessean.

**THAT DAUGHTER OF YOURS.**

"One is already poverty stricken if his habits are not thrifty."—Theodore T. Munger.

She's a little bit of a girl now. Maybe she's just learning to creep a little and slip a few words that nobody can understand but you and her mother. Perhaps she has just started to school.

At any rate, her wants are few and simple as yet. But she is learning to want more all the time.

By-and-by she will need nice dresses, a high school and perhaps a college education. If she's at all musically inclined she will want a piano and many lessons on it.

If you are a wise, forward-looking father you will begin today to save for the increasing needs of your growing daughter. If you have more than one daughter, if your "quiver is full of them," your responsibility is proportionately greater.

A Philadelphia schoolgirl asked permission to quit school and go to work. She said her father had been killed, her mother was ill, and her brother on half pay, so she had to help support the family.

Might a series of misfortunes put YOUR daughter into a similar position? Or is your life insured and are your building a bulwark of savings at the bank to protect her from such a possibility?

This is frankly a sermon, but is short, and, we trust, as sweet as its text.

Mary Jane, your dizzy daisy, what a mess you always make! Are you cute, less or jugs less? Is your intellect a fake? All your traps, less your head, I see swim around the floors; Ma will come and clean the litter, when she's done her other chores. Always counting on another to do things you ought ought to do, always waiting for your mother to come toiling after you! Ma will all this mess abolish, when she's dusted forty chairs, when she's put a coat of polish on the furniture upstairs; when she's cleaned and sealed some fishes, when she's pared a pair of spuds, when she's washed the dinner dishes, when she's patched a heap of duds, when she's so dodged weary that her work-worm soul is frayed, she'll come toiling round you, Geanie, cleaning up the mess you've made. Mary Jane, your mother's older than she was when she was young; she has stitches in her boulder and the asthma in her lung; every step she takes is harder than the step she took before, as she wanders from the ladder to the well or henhouse door. Some sad day we shall have laid her to rest, her labors through; while she's with us you should aid her, not make work for her to do.

**Unpopular Americans.**

Miss Jane Addams says the French are miffed because we failed to protest against Germany's invasion of Belgium, the British feel that we have been unfriendly in our protests regarding the interference with American commerce and the Germans don't like the peremptory tone of President Wilson's notes. She fails to state what the Russians and Italians and Austrians and Montenegrins and Servians have against us. A critic has said: "To make a person dislike you do something for him." Americans on this principle certainly have done enough for the Europeans in this war, without forsaking the path of neutrality, to make themselves the most thoroughly hated people on the face of the earth.—Pittsburg Gazette-Times.

I was not running away from Hoppe, either, but only to avoid arrest. The black eye on which the reporters commented was not received from the hands of Hoppe, but from an incident while splitting wood. Hoppe and his friends attacked me in the back at the theater, and some of them were holding me while Hoppe did all the damage he managed to do.

## MASONIC PICNIC DATE CHANGED: WILL BE AUG. 17

The date of the annual Masonic picnic held at Cat Run under the auspices of Farmers Lodge F. & A. M. of Fredonia, which was originally set for Thursday, August 19, has been changed to Tuesday, August 17, at a meeting of the lodge held last evening. While the third Thursday in August is the regular date for the picnic, the change to Tuesday was made at the request of the Merchants' Association of this city, which is arranging for a big county-wide picnic and one particularly for the benefit of the farmers, as it will have for its main object, other than the social features, the effort to interest the people of the county in the project of an Agricultural Experiment farm, and speakers of note, including Governor Willis, Hon. A. P. Sandles, Prof. Williams of the Wooster Station, Prof. Homer Price and others have been secured for the occasion.

The only date on which Governor Willis and Mr. Sandles could be secured for addresses was on August 15, the date for the Cat Run picnic, and it was necessary for the Merchants' Association to get busy. A committee from that body saw some of the leading members of Farmers Masonic lodge, including the Master, W. B. Hoskinson, and placed the matter before them in such a manner that they consented to bring the matter before the lodge and ask for a change of date. As the law providing for the picnic was not unchangeable as were the laws of the Medes and the Persians, the request of the merchants was granted. The date for the picnic was set for Tuesday, August 17, two days before the picnic to be given under the Newark Merchants' auspices.

## Personal

## Lime Treatment in Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared an interesting article concerning calcium (lime) medication in the treatment of pulmonary tuberculosis (consumption). "Under the systematic continued and persistent regime of calcium assimilation, Van Gieson has seen a number of his patients improve, undergo an exudation or partial consolidation in the lung, which then resorbed would appear to contribute to the healing and closing of the lesions. Hand in hand with this course of events, the sputum clears up of tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis."

Ethical medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have secured like results through the use of Eckman's Alternative.

Since calcium is a constituent of this remedy for pulmonary tuberculosis and allied throat and bronchial affections, its healing power may in some measure be attributed to the manner in which this element is so combined with other ingredients as to be easily assimilated by the average person and it does not irritate the stomach.

Eckman's Alternative contains no opiates, narcotics or habit-forming drugs, so it is safe to try. If your druggist is out of it ask him to order, or send direct to Eckman Laboratory, Philadelphia.

## EX-GOVERNOR DIX IS A BANKRUPT

(Associated Press Telegram) Albany, N. Y., July 21.—Announcement was made here today that friendly involuntary petitions in bankruptcy have been filed in the United States district court at Utica against former Governor John A. Dix, individually, and the Moose River Lumber company of which Mr. Dix is the principal stockholder.

No statement of assets or liabilities in either case was given. Written statements accompanying the petitions acknowledged the inability of Mr. Dix and the company to meet their obligations. Business conditions are blamed for both failures.

## LAUNDRIES

CONDUCTED BY CHINESE DO  
\$10,000,000 WORTH OF WORK  
EACH YEAR.

New Machinery Will Enable Americans to Compete With Orientals by Reducing Cost.

(Associated Press Telegram) Portland, Ore., July 21.—The problem of how to reduce the cost of laundering so that American housewives no longer could afford to have the work done at home, occupied the attention of the delegates to the convention of the Laundrymen's National Association of America, now in session here.

Manufacturers told the convention yesterday that this could be accomplished by a new type of laundry machinery soon to be established and it was thought by the delegates that this machinery also would do much in the way of meeting the competition of the laundrymen of America by Orientals, who, it was declared, annually receive \$40,000,000 for laundry work done by them.

"In a few years, the women of America will rise up and bless the laundrymen," said William Fitch, of LaSalle, Ill., president of the association.

## 86 LIVES LOST ON RAILROADS IN JUNE 1915

(Associated Press Telegram) Columbus, July 21.—During June 86 persons, 57 of whom were trespassers and 29 employees, lost their lives in railroad accidents, according to the public utilities commission's report, made public today. This is an increase of five over the same month last year. Only 37 trespassers were killed by railroads in June, 1914, though the number of fatal accidents at highway crossings that month last year was 12, compared with 7 this year. Steam roads were responsible for the death of 81 persons last month and electric roads for five.

**ANNUAL VACATIONS.**  
All employees of the different departments of the Pennsylvania railroad are having their annual two weeks' vacation, each one taking his turn.

## WELSH HILLS

Misses Frances and Catherine Davis and Esther Reese spent last Thursday with Mary and Alma Thomas in Burg street.

Same Wheeler of New Jersey, who has been working for years in a bank, but now being in failing health, has moved his family to this place. Mrs. Wheeler was formerly Miss Mamie Phillips. They are now at the home of her brother, Philip Phillips.

Prof. H. C. Price and family of Columbus, are spending the summer on their farm here.

John Lake is again delivering mail on rural route No. 3, from Granville, after enjoying a few weeks' vacation.

Miss Lida Shaw has gone to spend a few weeks' with her sister, Mrs. Henry Board.

Mrs. Oscar Osborn and son, Harold, and Mrs. Jack Davis called to see the former's father, C. E. Hoover, Thursday.

Miss Bonny Baker of Morrow county, who is attending summer school in Granville, and Mrs. Cora Rose of Granville, spent Saturday night and Sunday with the latter's sister, Mrs. Fred Williams.

The threshing machine whistle can now be heard in this community. The children of S. J. Sipes, who were sick with scarlet fever, are all getting along nicely.

Mrs. Hiram Williams and Miss Gertrude Foster spent Sunday with the former's sister, Mrs. Henry Board.

Mrs. Carey Evans and daughter, Emily, and Mr. and Mrs. Byron Williams, spent Sunday at the home of their parents, Mr. and Mrs. W. M. Palmer of Granville, visiting with their brother Willard and family, who returned home Saturday after spending the past two years in Mississippi.

Mrs. Sarah J. Price, who has been in poor health since she returned home, after spending the winter with her son, was able to attend church Sunday.

Isaac Jones of Newark, and Frank Welsh of Granville, are plastering the new addition to Hiram Williams' house this week.

## Marriage Or Accident.

Employee—"Sir, I would respectfully ask you for an increase of salary. I have got married lately."

Manager of Work—"Very sorry, Honeyhand, I can be of no assistance to you. The company is not responsible for any accident that happens to its employees when off duty."

## IMPROVEMENTS BEING MADE BY COMMISSIONERS

County Commissioners Ben B. Jones, Jos. H. Orr and Frank R. Dunn are rushing the work on the rest room for women and the new lavatory for men in the court house.

The women's rest room is located in the northeast corner of the lower floor and was formerly occupied as a library, relic room and office of probationary officer of the juvenile court. It has been overhauled, redecorated and painted, toilet rooms and lavatory installed and the lighting facilities increased by hanging a number of heavy power lamps.

It will be more completely furnished a little later and will be an inviting place for women, especially from the country, to meet their friends and also enjoy their luncheon. It is used now by a number of the working girls of the city, who find it a delightful place to spend the noon hour while enjoying their luncheon.

One of the greatest improvements which is being made around the building is the erection of a new public lavatory, something which should have been done several decades ago. The present board of commissioners, one of the most progressive ever serving the county, recognizing the need of such an improvement let the contracts for the work several weeks ago and it is now drawing near completion. When finished there will be a janitor on constant duty to look after the place.

Other necessary improvements are in contemplation which will be made at a later date.

## Society

Mr. and Mrs. G. C. Cesner entertained a number of friends at their home in East Main street on Monday evening, in honor of Mr. Cesner's twenty-eighth birthday anniversary. The guests of honor were the Mens Progressive class, No. 16, East Main Street U. B. church, of which class Mr. Cesner is an active member. The evening was spent with music and singing, after which delicious refreshments were served on the lawn.

The Girls Golf club of the Country club went to Zanesville today.

**C. A. C. VS. HEWITTS.**  
After the wonderful exhibition of baseball played by the C. A. C. team of the Capital City league on last Sunday, undoubtedly a large crowd will witness the contest between the Hewitts of Columbus and the C. A. C. team of Newark, both of the same league at Wehrle Park next Sunday.

The Newark team has a number of former players of the Newark club in its lineup, and they have been playing professional ball.

## GOVERNORS OF FIVE STATES TO GO TO TIFFIN, O.

(Associated Press Telegram) Findlay, O., July 21.—Governors of five states will attend the dedication of the cannon placed in the courthouse square. That intelligence was received in a letter from Colonel S. S. Dush, Washington, D. C., who was colonel of the Twenty-first O. V. I. The dedication will be held September 1.

In addition to Governor Willis, the following governors will attend: Nat. E. Harris, Georgia; Thomas C. Rye, Tennessee; James B. McCreary, Kentucky; and James D. Hatfield, West Virginia.

Colonel John McElroy, editor of the National Tribune, Washington, will be honorable chairman of the reception committee. Former United States Senators Foraker and Dick also will be here.

## Every Day Etiquette

"Will you tell me if it is proper for a young man to take a girl to the theatre in a street car?" asked Frank.

"It is quite proper. The men who are able to take their friends to the theatre in a private conveyance are in the minority," said his mother.

## STABILITY LEAGUE PROPOSES TO CHANGE THEIR AMENDMENT

(Associated Press Telegram) Columbus, July 21.—Changes have been made in the proposed constitutional amendment to forbid the re-submission, within six years, of any question at referendum after it has been once submitted and rejected, to exempt amendments submitted in 1912. H. A. McKenzie, secretary of the Constitutional Stability League, explained today.

## HAIR AT CELINA.

(Associated Press Telegram) Celina, O., July 21.—This city and part of the county was visited last night by one of the most severe hailstorms ever witnessed here. It lasted for forty minutes and did much damage to corn, grapes and garden truck. In this city, more than a thousand panes of glass were broken.

## When You Wash Your Hair Don't Use Soap

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It is very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## GAS COMPANY MAY SELL BONDS

(Associated Press Telegram) Columbus, July 21.—The Ohio Gas, Light and Coke company of Toledo, was authorized by the public utilities commission today to issue and sell \$12,000 stock, proceeds to be used in buying the Delta Electric company.

The Pittsburgh, Youngstown and Ashtabula railway company was given permission to issue \$364,000 bonds and transfer them to the Pennsylvania company to reimburse the latter company for repairs and improvements made by it on the line of the P. Y. and A.

## PROTEST

AGAINST ALLOWING EMPLOYERS' LIABILITIES TO BE WRITTEN.

By Private Insurance Companies in Ohio, Made to Superintendent Frank Taggart.

(Associated Press Telegram) Columbus, July 21.—Strong protest against the granting of permission to write employers' liability insurance to three companies which applied to State Insurance Superintendent Frank Taggart for such authority, will be made by representatives of the industrial commission, members said today.

The hearing of the application will be held before Superintendent Taggart tomorrow. The Aetna Life, Travelers' and London Guaranty and Accident Insurance companies are seeking licenses to write employers' liability insurance, despite the contention of the industrial commission, which has charge of the administration of the workmen's compensation law, that it is illegal for any company to write such insurance.

If Superintendent Taggart refuses to grant authority to write liability insurance to the companies, they threaten to take the case to court. The Ohio Federation of Labor is expected to employ counsel to assist in defending the compensation law and to fight the insurance companies which want to sell employers' liability insurance. If the case should be thrown into court.

## "ROOSEVELT DAY" AT EXPOSITION

(Associated Press Telegram) San Francisco, July 21.—This is "Roosevelt Day" at the Panama-Pacific exposition. Theodore Roosevelt, former president of the United States is on the program to make two addresses, participate in a tree planting ceremony and be the guest at a reception.

Mr. Roosevelt's first address of the day is for the members of the army and navy. His second address was to be on "War and Peace," which he said, on arriving here last night, might just as well be called "Damn the Mollycoddles."

Tonight Mr. Roosevelt is expected to witness the second storming of San Juan hill, depicted in fireworks.

## WILLIS IN MASSILLON.

(Associated Press Telegram) Columbus, July 21.—Governor Willis is in Massillon today to address a meeting of mail carriers. It was stated at the executive offices here that the governor might announce the members of the new agricultural board today, while on his trip.

## "Over The Wire"

My motoring costume has just arrived and it matches the car perfectly. I'm sure I shan't have to change a tire by myself if anyone passes at such a time and I have that costume on. It's simply stunning! The coat is extremely loose and comfortable with white flannel collar and cuffs. A strip of white flannel edges the coat and the bottom of the skirt with narrower bands outlining the slant pockets. The belt is of soft white leather with a brown and white enameled buckle. The hat is a close fitting shape of Java colored straw with a strip of white leather crossing the crown that holds in place a long brown net veil edged with white. Now do you think I'm conceited when I say I won't have to change a tire by myself? I'm coming over right after luncheon and we'll go for a long ride. How would you like to run over and see Mildred?

## In Milady's Boudoir

Gray hair is the beautiful woman's greatest blemish and very often it does not at all mean age. It may be an inheritance or the result of a severe illness, or mental strain, or some terrific shock. White hair is so universally becoming that it is a pity so many elderly women resent it to the degree of dyeing it, or covering it up with iron and wigs. Nature knows best and changes our hair to blend with our skin.

The young woman who turns gray is, however, entitled to sympathy and such aid as science can give her. First of all, careful attention to the general health, a cheerful outlook, orifices, and daily care of the hair will do much towards keeping the hair its natural color.

Hair experts disagree as to whether grayness can be cured or not, but some authorities claim that cures have been effected by internal doses of sulphur and iron, accompanied by the use of egg on the scalp. Grayness results from diminished pigmentation and the sulphur and iron supply the blood with those elements upon which the color of the hair depends.

In place of the egg, some specialists prefer to anoint the hair and scalp nightly with an iron hair tonic, to accompany the internal doses of sulphur and iron. A good hair tonic is made as follows:

Citrate of iron two drams; nuxvomica two drams; cocoanut oil one and a half ounces; bay rum two ounces. Twice a week discontinue the use of the above and moisten the hair and scalp with hydrosulphuret of ammonia, taking care to keep it out of the eyes.

## Your Boys and Girls

As long as infants are drinking milk they get only a small amount of iron, but it is interesting to know that a certain amount has been stored in their system at birth to tide them over until they get a diet which contains its share of iron. Iron in combination with protein matter, is found in grains, string and lima beans, spinach, cabbage and dried peas, and among the fruits in dried prunes, apples and raisins.

Iron is essential in the making of red corpuscles in the blood and is directly concerned in the processes of oxidation and reproduction. The iron of the food enters the circulation and is deposited mainly in the liver, the spleen and the bone marrow. Iron may be taken as a medicine and stimulates the production of hemoglobin and red blood corpuscles, but it is better to get it, if possible, directly through food and water.

(Special to Advocate.)

Granville, July 21.—The Denison Summer School will close on July 30, after a wonderfully successful session. The efficient faculty and the superior class of students have combined to make the term a notable success.

Prof. C. E. Goodell as dean has proved his fitness for the place and has enlarged this already wide sphere of usefulness to the university. Under his direction several lectures have been given in Recital Hall, which have been of inestimable value to the pupils, as well as of great enjoyment to the public.

Last night an appreciative audience assembled in Recital Hall to enjoy the wonderful illustrated lecture on "The Wonders of the Heavens" given by Prof. Paul Biefield of the Observatory. The lecturer was introduced by Dean Goodell in his happiest style which elicited a round of applause. Prof. Biefield is an enthusiast in his department, and his lecture was more than satisfying. In fact imagination staggers under the vastness of the mere figures presented by the astronomer. The views shown were marvelous reproductions of photographs taken at Lick Observatory, which Professor Biefield assured his audience felt far short of the wonders to be seen through the telescope, which he himself will be pleased to exhibit to all comers. The lecturer estimated the vast distances in terms of light rays—or as he expressed it, travelling by wireless. On leaving the hall one felt like exclaiming with the Psalmist, "What is man that Thou art mindful of him!"

This evening the offering in Recital Hall at 8 o'clock will not be scientific, neither will it be at the other extreme of careless enjoyment. The music alone will be worth while. The program will be homogenous, only Shakespeare to be featured in song and drama. Renew your acquaintance with "Juliet," "Portia," "Ophelia" and "Lady Macbeth." They are going to tell you what they think of it all.

Mr. and Mrs. Walter Livingston left this morning for Piqua, O., where they will visit relatives for a time. Next month they expect to go to Duinuth and other points in the north.

Mrs. Margaret Halderman, sister of Mr. J. S. Jones, who with her sister, Miss Jones, is sojourning in Monomoy Place, the Jones town house in Broadway, left for Chicago last evening to attend the funeral services of her sister-in-law, Mrs. Caroline Jones, widow of the late William Morris Jones, which took place today in Chicago. Mrs. Halderman expects to return to Granville in a few days.

Prof. Raymond Pence, who went to Columbus Monday to attend the funeral of his uncle, the late S. S. Maughlin, returned home last evening.

Rev. and Mrs. Millard Brelsford attended the meeting of the Ohio Baptist convention held in Columbus yesterday.

The series of articles on "Granville Music of the Past" which have been running in the Granville Times for two weeks past, will be completed in Thursday's issue. Any additions to the facts presented by the author will be greatly appreciated by her, if sent to next week's Granville Times.

The regular quarterly meeting of the Board of Managers of the Ohio Baptist convention was held yesterday in the Neil House, Columbus. The most important action taken was the election of Rev. T. E. Chambers, pastor of the First Baptist church, Columbus, as executive secretary of the

convention. Dr. C. J. Rose has been continuing in this position since his resignation last October, until a new secretary could be secured. Dr. Chambers is a graduate of the Rochester Theological Seminary, and has held two important pastorates, one for sixteen years in Saratoga, N. Y., and for the last four years at the First Baptist church, Columbus. He has accepted the new position tendered him, and will begin active work September 1. Dr. Rose will continue for the present in the work of the Convention and give to the new secretary the benefit of his rich knowledge and valuable experience in leading the Baptists of Ohio. It is a matter of rejoicing among Ohio Baptists that the work which has been so well carried on for ten years by Dr. Rose will be under the leadership of so strong a man and wise counselor as Dr. Chambers. A new headquarters committee was appointed consisting of W. D. Chamberlin of Dayton, B. M. Hastings of Akron, and H. S. Ballard of Columbus. It is not yet decided whether the headquarters under the new secretary will be in Granville or Columbus.

**DARK COLORS WILL PREVAIL THIS FALL IN DRESS FABRICS.**

(Associated Press Telegram)

New York, July 21.—Dark colors will be popular in dress fabrics this fall, according to the prediction of F. B. Hoagland, of the Textile Color Card Association. Mr. Hoagland reported the color selections by experts to a meeting of the Jobbers' Association of Dress Fabrics Buyers here yesterday. The selections were made from more than 2000 shades of cloth received from all parts of the United States. The card was approved by the association.

## THE SICK

Cornelia Ellis, daughter of Mr. and Mrs. Hugh Ellis, underwent an operation this morning for throat trouble. Drs. C. B. Hatch and W. C. Rank performed the operation.

Mrs. Ollie Miller, residing seven miles southwest of Thornport, was brought to Newark Tuesday morning in the Bazler ambulance and taken to the City hospital for treatment.

Coshocton, O., July 21.—Judge R. M. Voorhees, of this city, former judge of the court of appeals for this district, is lying critically ill at his home here. He is suffering from a complication of diseases. Relatives from a distance have been called home.

## FRANK'S CONDITION IS VERY FAVORABLE

(Associated Press Telegram) Milledgeville, Ga., July 21.—Marked improvement in the condition of Leo M. Frank, whose throat was cut Saturday night by a fellow convict at the state prison farm here, was announced today by physicians attending him. His temperature was 100, the lowest since Sunday, and his pulse and respiration was practically normal. The physicians said that while he is not yet out of danger, his recovery now is practically certain.

The game of lacrosse is of purely Red Indian origin.

stealing twelve razors and three  
knives from the J. C. Jones Hard-  
ware Co. He waived examination  
and was bound over to common pleas  
court under bond in the sum of \$300.  
The razors and knives were found  
in his possession.

**Wanted Dog Killed.**  
A man giving his name as Hayden,  
residing in Twentieth street, filed a  
complaint with the police Tuesday  
night against his neighbor's dog,  
charging that the animal bit him on  
the leg. He asked that the dog be  
killed. The matter will be investi-  
gated.

**New Roasting Bars.**  
Although roasting ears have been  
on the market for several weeks  
those which are home-grown showed  
up in abundance on market today.  
There were also plenty of home-  
grown tomatoes and other vege-  
tables, which together with red and  
black raspberries and blackberries  
make the place very attractive for  
the buyers.

**Off on Vacation.**  
William Faulkner, one of the ex-  
pert switchboard electricians employ-  
ed in the offices of the Newark Tel-  
ephone company, left this afternoon  
for Tazewell, Tenn., his former  
home, where he will visit for a  
couple of weeks, and spend a part of  
the time in fishing and hunting. Mr.  
Faulkner being an ardent devotee of  
the sport made famous by Sir Isaac  
Walton.

**Enjoying a Room.**  
Defiance, located in Northwestern  
Ohio, along the B. & O., is enjoying  
the greatest manufacturing prosper-  
ity in its history. Several of the  
factories are running all-night shifts  
in addition to increased forces on  
the day shifts. Two of the plants  
are building additions, not being able  
to care for their trade. The great-  
est drawback to Defiance at present  
is said to be a scarcity of modern  
cottages for men employed in the  
factories.

**Army Worm Busy.**  
The army worm has made its ap-  
pearance in Champaign county and  
was found on the farm of Edward  
Inskeep, two miles northwest of Ur-  
bana. The worms completely de-  
stroyed twelve acres of corn and  
thirty-five acres of rye on the same  
farm. None of the pests has, as  
yet, been reported in Licking county.

**On Mayor's Staff.**  
Mr. J. A. Walrath, of Chicago, left  
last night with the mayor's staff of  
city to attend the Panama-Pa-  
cific exposition. The party will be  
accompanied by the first regiment  
of Illinois and the aides of the may-  
or. Mr. Walrath is well known in  
Newark, being a brother of Mrs. Syl-  
vester P. Kline of Kibler avenue.

**W. F. Cawmer Improves.**  
Mr. W. F. Cawmer, who was badly  
burned last Monday is reported to  
be well on the road to recovery. Mr.  
Cawmer has been attended by  
Dr. H. H. Postle.

**Auto Driver Drunk.**  
In police court Wednesday morn-  
ing, a young man was arraigned on  
a charge of driving an automobile  
while in an intoxicated condition.  
After a sound lecture on the part  
of the mayor, the case was continued  
indefinitely. So long as the young  
man keeps sober the charge will not  
be pressed. In Columbus recently a  
man arrested for a similar offense  
was sentenced to the county jail for  
60 days. Two other drunks were  
fined.

**Attending Clerks' Convention.**  
J. C. Ditter and C. D. Bope are in  
Milwaukee attending the Retail  
Clerks convention which opened yester-  
day. They will make report of  
the convention at the clerks regular  
monthly meeting next Monday.

**Birth Announcement.**  
Born, to Mr. and Mrs. J. Howard  
Watters, of Pittsburgh, Pa., a nine  
pound daughter. Mrs. Watters was  
formerly Frances I. Barnes of this  
city.

Theatres

At the Mazda Friday.  
Synopsis of "Four Feathers," that  
will be shown at the Mazda theatre,  
Friday afternoon and evening:  
The story of Captain Mason's "Four  
Feathers," concerns Harry Fever-  
sham, son of General Feversham,  
who, at a banquet at his father's  
home, hears stories of war, death and  
torture, and fears that he, when put  
to the test, cannot "make good."  
When war is declared he resigns his  
commission in the army. Three of  
his comrades send him white feathers,  
the symbol of cowardice, and his  
father, who sees him receive them,  
adds a fourth from his fan.  
Stung by this Feversham drops from  
sight. Secretly he goes to Egypt  
where the war is being fought between  
the English and Arabs and in dis-  
guise as a Greek, he recovers lost  
documents of great value, rescues  
from death and torture each of his three  
comrades and forces from them such  
recognition of his heroism that they  
demand the return of their white  
feathers.  
He tells them simply: "Take them  
to her" and finally on his return to  
England she is waiting for her feath-  
er and a wedding ring.

Obituary

**Jesse Matthias Clark.**  
Jesse Matthias Clark, son of Fleet-  
wood and Elizabeth Clark, born Feb.  
5th, 1828, died July 14th; 1915, on  
the farm of his birth near High-  
water, O., aged 87 years, 5 months  
and 9 days and being at the time  
of his death the oldest native  
born citizen in McKean township.  
He was the last of a family of  
eight children, his sister and all his  
brothers having preceded him to the  
spirit world.  
In 1849 he was married to Hannah  
Baker who died three years after  
their marriage leaving him a son  
Wilson, who departed this life in  
early manhood.  
He was again united in marriage  
with Sarah A. Bishop in 1854. Three  
children were born to this union,  
one dying in infancy and the others  
enjoying a happy, contented and un-  
broken family life until the mother  
was summoned to her heavenly home  
in 1898. There remain to mourn his  
loss a son Frank, two daughters, Mrs.  
Orpha Hancock, two granddaughters,  
Mrs. Ralph Jones and Aubrey Clark.  
Besides many distant relatives and  
friends.

**Mrs. George Carson.**  
Mrs. Ella Carson, wife of George  
Carson of No. 60 North Seventh  
street, died last night at the City  
Hospital where she had been since  
April 18. Mrs. Carson suffered with  
heart trouble and after being taken  
to the hospital had two strokes of  
paralysis. She was aged 45 years  
and is survived by her husband and  
a sister, Mrs. John Snurr of Zanes-  
ville, O. Services will be held at the  
Crisis Brothers chapel in West Main  
street Friday afternoon at 2 o'clock,  
and the body will be taken to Zanes-  
ville Saturday morning for interment  
in Greenwood cemetery.

**NEW GERMAN**

American lives, it is then pointed out,  
will be viewed as an unfriendly act.  
The action which the United States  
might subsequently take is not indi-  
cated, but in diplomatic usage, the  
phrase "unfriendly act," has always  
carried with it an implication of  
finality leading often to a severance  
of friendly relations.  
Officials generally were secretive  
concerning the treatment of the Lu-  
sitania case in the new note, but it was  
believed the request for reparation  
would be renewed and this issue kept  
before the two governments as a sub-  
ject of first importance in their fu-  
ture relations.

(ASSOCIATED PRESS TELEGRAM)  
Bari, Italy, via Paris, July 20.—  
More than 500 members of the crew  
of the Italian cruiser Giuseppe Gar-  
ibaldi, sunk Monday by an Austrian  
submarine, were saved. This leaves  
only about 50 who are still miss-  
ing, and who probably were drown-  
ed.  
Survivors say the Giuseppe Gar-  
ibaldi was attacked by three sub-  
marines which came from the direc-  
tion of Rakusa and Spalato Dalma-  
tia. The Italian warship opened  
fire on the submarines, one of  
which is believed to have been  
sunk.

DR. DAWSON WAS  
SWEEPED AWAY IN  
FLOOD WATERS

Funeral services of the late Dr.  
Dawson, of Loranger, La., who was  
drowned Sunday, were held this af-  
ternoon at 2 o'clock at Coshocton.  
With the arrival in Coshocton of  
the body, Mrs. Dawson and the two  
children Tuesday night, the full par-  
ticulars of the tragedy became known  
to local relatives. Sunday morning  
while his wife and children were at  
church, Dr. Dawson had taken some  
horses to drink at the river on his  
farm near Loranger, La. Instead of  
watering them at the usual place he  
rode them into the river at a new  
point.

Here the river, during the high  
flood season, had formed a whirl-  
pool which had cut out a deep  
channel and piled up the sand from  
the bottom in a huge sandbar. Dr.  
Dawson rode a horse out upon this  
bar to a ledge of rock and the ani-  
mal stepped off the ledge into the  
water about 25 feet deep. As the  
horse went down, Dr. Dawson was  
carried from the horse by the cur-  
rent and drowned. Two boys who  
witnessed the tragedy gave the alarm  
and efforts were made at once to  
recover the body. Grappling hooks  
and other means were used in vain  
until it was suggested that the river  
be dragged with a hay rake. The  
body was then recovered but, as five  
hours had elapsed, efforts to resusci-  
tate proved in vain.  
Mrs. Dawson and two children,  
and all the brothers and sisters with  
the exception of Mrs. John Stone, of  
Texas, will be present to attend the  
funeral services this afternoon.

RETURN TO WORK

Thirteen Thousand Out of 21,000  
Striking Clothing Makers  
Accept Agreement.

(ASSOCIATED PRESS TELEGRAM)  
New York, July 21.—Announce-  
ment was made today by Jacob Pan-  
ken, attorney for the Amalgamated  
Clothing Workers of America, that  
13,000 of the 21,000 members of  
the union, who went on strike last  
week, returned to work today in ac-  
cordance with an agreement reached  
late yesterday with the manufactur-  
ers by which an advance of from 12  
to 15 per cent in wages was made.  
The others will return as soon as  
some necessary formalities are con-  
cluded. Committees representing  
the manufacturers and workers are  
still at work, and it is believed that  
all the independent manufacturers  
and shops will shortly be brought to  
accept the agreement.

The new agreement will continue  
in force until November 1, 1916.  
Members of Mayor Mitchell's board  
of arbitration were instrumental in  
bringing about the settlement.

WAGE INCREASE

Of Operative Potters Will Be Put to  
a Referendum Vote.  
(ASSOCIATED PRESS TELEGRAM)  
East Liverpool, O., July 21.—Ed-  
ward Menge, president of the Na-  
tional Brotherhood of Operative Por-  
tters, announced today that the 8000  
members of the union would be  
asked to vote in a referendum on  
the wage-advance resolution adopted  
by the recent convention at Atlantic  
City. At the time a proposition de-  
manding a straight increase of 10  
per cent was voted down, but many  
resolutions increasing wages in var-  
ious branches of the trade were  
adopted. Final settlement for the  
two years beginning October 1 next  
will be taken up during September  
at a conference with the United  
States Potters' Association, the man-  
ufacturers' organization.

**Alimony Petition.**  
Myrtle Myers has filed a petition  
in common pleas court asking that  
she be granted alimony by her hus-  
band, Otto F. Myers. The petition  
recites that they were married May  
8, 1915; that for a period of two  
months he has abused her by calling  
her vile and indecent names; that  
defendant has threatened to kill her  
and that on one occasion he threw  
her from bed on her head and held  
her in that position by holding up her  
feet; that she has reason to fear him  
and has been forced to go to her  
mother's home. Plaintiff alleges  
that defendant is the owner of a  
house and two lots, worth about  
\$1800, and joint owner of household  
goods to the value of \$200. She  
prays that the court restrain defen-  
dant from disposing of his property  
pending the suit and that she be  
granted alimony for her own sup-  
port and to defray her expenses dur-  
ing an expected confinement, and  
also to pay counsel fees and that at  
the final determination of the case  
that she be allowed permanent al-  
imony. Judge T. B. Fulton granted  
the injunction asked for, preventing  
defendant from disposing of any of  
his property.

## SHORT SESSION OF BOARD HELD LAST EVENING

A short session of the city board of education was held last evening with members W. C. Christian, W. E. Miller, S. W. Raicht and James K. Dewey present. After the minutes of the last meeting had been read and approved a few minor bills were allowed and ordered paid.

Bids were received and opened for supplying 500 tons of coal to the various buildings for the coming winter. There were five bids, three of the lowest being \$2.10 for run-of-mine. The board will investigate the various kinds of coal before awarding the contract.

An estimate of \$22.50 was made for painting the flag-pole at the high school. No action was taken. Bids were also received for printing the study year book as compiled by Supt. Wilson Hawkins, outlining the course of studies, as follows: Advocate, \$64.50; Postal Printing Co., \$81.10; American Tribune, \$82.10; Express Printing Co., \$112. The Advocate was awarded the contract.

## ARCHIVES

AND RECORDS IN BALTIC SEA-PORT HAVE BEEN MOVED TO PETROGRAD.

Riga, Now Threatened by German—10,000 Inhabitants Have Fled From the City.

(Associated Press Telegram) Berlin, July 21.—(Via London.) A dispatch to the Lokal Anzeiger from Czernowitz, capital of Bukovina, reports heavy fighting along the Dniester river near the Bukovina-Galicia border. The Russians brought up heavy reinforcements and made determined attempts to retake positions on the left bank of the river which had been captured by the Austrians. They were supported by heavy artillery but the dispatch says, their attacks gained them nothing.

Along the Bessarbian front also the Russians are on the offensive, having made desperate attacks during the last four nights. They succeeded in breaking into the Austrian positions in one place, but the attacking forces subsequently were captured and here, as elsewhere, the Russians were unable to make gains. The battle on Monday night lasted six hours, during which the Russians made eight assaults at many points.

According to dispatches reaching Berlin, all the official archives in Riga, the Russian Baltic port, now threatened by the Germans, together with the moneys of state banks and court records, were taken to Petrograd Monday. Government officials have been advised to be ready to depart. It is said more than 10,000 inhabitants of the city fled last week.

## STEEL SHIPMENTS ARE FAR BEHIND; TAKE NO ORDERS

(Associated Press Telegram) Pittsburgh, Pa., July 21.—For the first time in two years manufacturers report a scarcity of semi-finished steel. Pittsburgh producers of open hearth steel billets and sheet bars have been out of the market, so far as new business is concerned, for some time, but the pressure for delivery on orders booked has been so great that shipments are behind. Youngstown steel-makers yesterday advanced the price of sheet bars to \$29.50, Pittsburgh, the highest point in more than two years. A month ago sheet bars were available at \$20.50 Pittsburgh.

## CLARK'S DAUGHTER, ON HONEYMOON; IS EQUAL SUFFRAGIST

(Associated Press Telegram) Toledo, O., July 21.—Mrs. James M. Thomson, formerly Miss Genevieve Clark, daughter of Champ Clark, speaker of the national house of representatives at Washington, in company with her husband, spent part of yesterday and last evening in this city at the home of friends of the Clark family. Not a dozen Toledoans knew of the sojourn here of the bride of "Honey Shuck."

The Thomsons are on their honeymoon and left late last night for the east. "I just made dad agree with me on the woman suffrage question," the bright-eyed little woman declared. "I showed him where I was right." This was in reply to a question regarding her father's recent endorsement of woman's suffrage. While Thomson said nothing about his personal opinion of woman's suffrage, he agreed that his wife was very, very much a suffragette.

## COMMISSION

(Continued from Page 1.) also is given to the college, where it was before the commission law went into effect.

Three divisions will be retained under control of the board of agriculture, the agricultural, dairy and food and fish and game. Sportsmen made a vain attempt in the last legislature to separate the latter department, and druggists tried to have the drug inspection and prosecution removed from the dairy and food department's jurisdiction and placed under the board of pharmacy.

## WOMEN IN VIENNA

Vienna, July 21.—Everybody does their duty for the endangered fatherland. The poor woman on her way to factory contributes her mite to the collection boxes. The rich women open their parlors, bedrooms and kitchens to the wounded officers and soldiers. Not only do the women of Austria, France, England, Germany suffer from war's depredations, but the women in America are everyday suffering from the many ills that women are heir to.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, heals inflammation and ulceration, and cures womanly weaknesses.

Every woman who has reason to believe that backache, headache, unnatural pains, low spirits, sleepless nights, irregularities or a catarrhal condition is caused by a derangement of the womanly functions, owes it to herself and dear ones to speedily overcome the trouble before a general breakdown causes permanent prostration.

Dr. Pierce's Favorite Prescription is a temperance remedy that any ailing woman can safely take because it is prepared from roots and herbs with glycerine containing tonic properties and is not a secret remedy because its ingredients are printed on wrapper.

Get Dr. Pierce's Favorite Prescription today, either in liquid or tablet form, at any dealer in medicines, if you want to better your physical condition surely and speedily. Every ingredient in "Favorite Prescription" is printed along with the directions. If you want a specialist in women's diseases to diagnose your case, consult Dr. Pierce by letter, correspondence private and confidential. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

## IT'S A CURE, SAYS WM. HENDERSON

Newark Man's Happy Experience With Nerv-Worth Told in Statement.

Before taking Nerv-Worth I was very nervous, sleep and rest were greatly disturbed, appetite was none too good, distressing gases gathered on my stomach, I was dizzy, had pains in the hips and back, was very excitable, my limbs jerked in my sleep and I had no ambition. After taking only part of a bottle of Nerv-Worth I feel lots better and feel satisfied Nerv-Worth will cure me. I can already see a big change for the better. For instance, I can now sleep fine.

A new lot of local Nerv-Worth endorsements is pouring into the T. J. Evans drug store, of which the above is an excellent sample. It was written by Wm. Henderson of No. 29 Harrison St., Newark. There is nothing like these home endorsements in convincing people. Victims of nervous disorders do not have to go outside of Newark for evidence of Nerv-Worth's merits. Buy a bottle of the remedy today; at the T. J. Evans drug store. Only a dollar. Money back if no benefits are derived. (adv.)

## 25 Years Ago

J. R. Kell-berger, who is traveling for the large wholesale candy house of C. H. Reed of Toledo, is home again after an absence of four months.

## 15 YEARS AGO TODAY.

(From Advocate, July 21, 1900.)

John White, a tender flier at the B. and O., was badly hurt about the face when he was struck by one of the restraining cages on the coal chutes.

At a party given at the home of Mrs. Henry Hook in Hudson avenue, honoring Miss Grace Fleek and Miss Clara Funk, Mr. John Simonds and Miss Ida M. won the peanut prizes. Miss Mary Neal received the prize in the word contest and Mr. Carl Harten received the award for eating the most nuts.

County Clerk O. C. Larason was taken ill today while attending a meeting of the Democratic Central committee.

Louis Kussnaut of the Granville Times office, left Tuesday for Brevoort Lake, Mich., where he will visit with Dr. F. W. Shepardson of the University of Chicago.

## Fifty Years Ago Today.

July 21. The civil war pension roll was approximately \$13,000,000 for 1865.

Homestead entries aggregating 17,000 acres were reported for the month of June in Minnesota, Nebraska and Michigan. In Minnesota pre-emption claims for June amounted to 21,000 acres.

## Twenty-five Years Ago Today.

Revolution, international wars and financial troubles were the order of the day in several Central and South American republics. Guatemala and Salvador were in open war.

## ITALY REPORTS HEAVY FIGHTING AND SUCCESSES

(Associated Press Telegram) Rome July 20.—(Via Paris July 21.) Heavy fighting on the Isonzo front north of the Gulf of Trieste, resulting in gains for the Italian forces is announced in a statement given out tonight at the war office. The report is as follows.

"Our vigorous offensive all along the Isonzo front continued yesterday, progress being made especially on the Corso plateau, where at the end of the day several additional trenches were taken and 500 prisoners including five officers captured. Although fatigued by the sharp and stubborn struggle prolonged until nightfall, our troops succeeded in establishing themselves rapidly and firmly in the conquered positions and resisted counter attacks made by the enemy during the night. The actions continue to develop.

"The situation over the rest of the front is unchanged."

## RATTLE

OF TROLLEY CARS WILL BE HEARD IN CLEVELAND'S "MILLIONAIRE ROW."

Hundreds of Men Began Construction Work Today—New Line Saves Wide Detours.

(Associated Press Telegram) Cleveland, O., July 21.—At daylight this morning several hundred workmen and many work trains began the construction of street car tracks and pole lines on Euclid avenue, between East Twenty-second and East Fortieth streets through the section known as "Millionaire's Row," following a decision of the supreme court at Columbus yesterday permitting the tracks to be built.

This section of Euclid avenue has always been closed against cars because of opposition of property-owners, but the upholding of the home rule charter here, which overruled the property-owners, has made the line possible past the homes of Cleveland's wealthiest residents. The new line will do away with two wide detours to parallel streets which have been necessary in order to bring cars from East Cleveland to the downtown section. It will save East End car-riders five minutes on each trip and relieve congestion of traffic on East End routes.

## CONDITION OF CHAS. STOLTZE VERY SERIOUS

The condition of Charles A. Stoltze, of 15 German street, and member of the firm of Stoltze Bros., in West Main street, is very serious. Mr. Stoltze some months ago suffered a nervous breakdown and in the hope of improving his health went to Magnetic Springs for a course of treatment. There was no perceptible improvement in his condition and it was decided to take Mr. Stoltze to a private sanitarium at Shepard, O., which was done last week. Dr. Garvey, the noted nerve specialist, was called, but he offers the family no encouragement. Mr. Stoltze's many friends will be sorry to learn of his affliction.

## ANOTHER BODY OF LUSITANIA VICTIM IS WASHED ASHORE

(Associated Press Telegram) Philadelphia, July 21.—A cable message received last night, told of the recovery of the body of Harry I. Keser, a former vice president of the Philadelphia National Bank, one of the victims of the Lusitania disaster. Positive identification, the cablegram stated, was made of the body which had been washed by the tides far around Fastnet Rock and upon the coast of Kerry.

The body of Mrs. Keser who also perished when the ship sank, was one of the first recovered and sent back to this country.

## Important Message to Women of Newark

"MADAM BAIRD," the beauty specialist of the BAIRD SPECIALTY CO. is now in Newark, and ready to serve you in consultation and free demonstrations. She wants to teach you how to look beautiful; how you can restore your hair, both in quality and color; she wants to tell you how you may have a youthful face and be your former self. You are invited to call at the HOTEL STAR, at 52 South Second street at ROOM NO. 2, where Madam Baird will make you welcome. Do not delay coming, as she will not be in the city but a few days.

P. S.—Important to men also who have Dandruff and Falling Hair.
